Of the alternate dates proposed therein for taking the next decennial Census. As the Census Superintendent in Mysore is of opinion that a date in February seems preferable to a corresponding date in March, (Vide paragraph 6 of the notes in Cen File 1-19 Ser 1 & 2 B for ~~for~~ Feb 20 put up), that office may perhaps be consulted demi-officially in the matter. The 18th March 1921 is Friday ~~[illegible]~~ 8th 6 on which day there is Sreekanta mudi Utsava at Nanjangud. Apart from this there appears to be no serious objection to the taking of the General Census. For orders.

NOTE—Contn. sheet.

Submitted to His Highness.

As already intimated in my Submission Note dated the 7th February 1920, the Government of India originally suggested the 18th February 1921 as the date for the taking of the next decennial Census, and in reply to an enquiry from the Residency, it was stated that the Durbar had no objection to the selection of the date proposed. The Residency have now written to say that, as this date was reported to be impossible or inconvenient in certain Provinces and States, the Government of India propose to fix the 18th March 1921 for the purpose and enquired if there is any serious objection to the selection of the date now proposed. As the matter was urgent, a reply has been sent to the Residency (in No. Pol. 1143 dated 14th April 1920), in consultation with the Census Superintendent, stating that the Durbar have no objection to fixing the 18th March 1921 for the taking of the next Census.
